MEMORANDUM FOR: [REDACTED]

1. The DCI recently mentioned that I should get together his speeches for possible book publication.
2. Here are his 24 public utterances, covering the period from 16 November 1951 to 15 October 1958, inclusive -- almost seven years.
3. These would be very valuable to CIA key personnel throughout the world. They could be printed and bound into a book titled, for example:

ALLEN DULLES SPEAKS

The Director of Central Intelligence's Public Addresses  
16 November 1951 to 15 October 1958

4. A committee of three scholarly gentlemen from CIA could review these speeches, prior to printing, to check the grammar, punctuation, paragraphing, etc. Sherman Kent, [REDACTED] come to mind.

5. RECOMMENDATION: That DCI name a 3-man committee of his choosing to review his public utterances to date and after their work is finished that DDS be charged with printing the book in a number to be determined by the DCI.
